

Aditya Ratnaparkhe

Supply Chain Specialist | AI Automation

Berlin | +4915758476199 | adityaratnaparkhe01@gmail.com

www.linkedin.com/in/aditya-ratnaparkhe/ | Portfolio

Supply chain professional with 3+ years of experience in **logistics operations, procurement, inventory management, supplier performance, and operational reporting**. Proven ability to identify bottlenecks, improve service levels, and standardize processes using SAP, SQL, and Power BI. Developing AI automation tools that eliminate manual effort across supplier evaluation, invoice reconciliation, and demand planning workflows

PROJECTS

AI Supply Chain Tools & Analytics Projects Jan 2026 - Present

- Developed an AI Supplier Risk Monitor that reduces sourcing risk by scoring 10+ suppliers across 5 dimensions into a ranked dashboard with real-time alerts and score trends
- Engineered a 3-Way Invoice Match Validator that reduces the 20 to 30 minutes of manual AP reconciliation per invoice by auto-matching POs, goods receipts, and invoices across 3 document types at line-item level
- Created an AI Freight Invoice Auditor that reduces overbilling exposure by cross-checking carrier invoices against rate cards across 5 charge categories and auto-generating a dispute summary

PROFESSIONAL EXPERIENCE

Operations Consultant May 2024 - Dec 2025
Raj Fasteners Remote

- Reduced scrap contamination in the final product by 80%** by implementing Poka-Yoke mistake-proofing, lowering defect rates and rework costs across production workflows
- Increased material utilization by 25%** by redesigning warehouse layout and material flow using process mapping, increasing inventory accuracy and throughput
- Strengthened supplier evaluation by building an Excel dashboard tracking tool-life, and cost benchmarks across 10 suppliers, supporting structured monthly procurement review cycles

Logistics Operations Associate Mar 2022 - Sep 2023
Zalando SE Berlin, Germany

- Increased 3PL on-time delivery performance by **improving SLA compliance by 10%** through root cause analysis and corrective action coordination with transport partners
- Reduced issue resolution time from 5 to 2 days** by implementing RACI-based responsibility mapping and streamlining cross-functional workflows **via Asana**
- Reduced interdepartmental information requests by 30%** by building a carrier master database covering 20+ logistics providers, improving network visibility
- Standardized KPI tracking and real-time SLA monitoring** across the logistics network by developing **MicroStrategy dashboards** covering 20+ carrier partners
- Supported TMS migration across 4 countries and 10+ carrier integrations, contributing to data validation, system testing, and cross-functional process alignment

Supply Chain Planner Sep 2020 - Jun 2021
Emerson Pune, India

- Cut monthly benchmarking report preparation time by 75% (8 to 2 hours)** using **MySQL and Excel** automation, enabling faster commercial and procurement insights
- Supported demand planning** across 5 regions by analyzing sales trends and segmenting customers by product category and demand patterns
- Strengthened replenishment decisions** by coordinating rolling forecasts, MOQ, pricing, and delivery terms across sales, procurement, and planning teams

- **Reduced idle inventory cost by 17%** by implementing demand-driven JIT replenishment, aligning suppliers, production planning, and real-time inventory monitoring
- **Shortened purchase order cycle time by 30%** by streamlining SAP MM workflows and standardizing approval processes through SOP documentation
- **Enhanced supplier performance monitoring** by developing scorecards and KPIs in collaboration with procurement and manufacturing teams

SKILLS

Supply Chain & Operations: Supply Chain Management, Procurement, Forecasting, Demand & Supply Planning, S&OP, Order Management, Inventory Control, Warehouse Operations, 3PL Management, Supplier Relationship Management, Risk Management, Process Optimization, Lean Six Sigma, Negotiation

Data & Analytics: MySQL, Excel (Advanced), MicroStrategy, Power BI, Tableau, Python

Tools & Software: MS Office, G-Suite, ASANA, JIRA, Confluence, SAP ERP, Eyefreight TMS

AI & Automation: Claude, Prompt Engineering, n8n, Zapier, Make, Airtable, RAG Modelling, AI Workflow Automation

Languages: English (C1- Fluent), German (B1- Professional)

EDUCATION

Masters of Business Administration and Engineering, Hochschule für Technik und Wirtschaft, Berlin	Oct 2021 - Feb 2024
Bachelors of Mechanical Engineering, Pune University, India	Jun 2015 -Jun 2019

CERTIFICATIONS

Google Data Analytics Certification	May 2025
Certified Associate in Project Management	Apr 2023
McKinsey Forward Learning Program	Jan 2025
